

New York's Capital Region and Saratoga Springs

Feline-Only Practice Hiring Skilled Veterinarian to Join Our Team!

Just Cats Veterinary Clinic, P.C. is looking to hire an outstanding individual who recognizes the unique benefits of a feline-only practice: high-quality medicine with cutting edge surgery and procedures. A feline-only practice will allow you to focus your medical and surgical skills within this specialty; because Just Cats veterinarians are specialized for felines, we can offer top-notch care, targeted diagnostics, and a less stressful environment for our patients and caregivers.

This is an exciting opportunity for a compassionate and competent feline-exclusive associate veterinarian to join our team.

There is no better quality of life than in Saratoga Springs, NY. Its rich history, robust cultural and entertainment venues and events, and varied gourmet restaurants mean that you'll have plenty to do in your spare time. Museums, sports, concerts, the spectacular Adirondack High Peaks, beautiful Saratoga Lake, premier colleges and universities, and performing arts are all in your backyard. Just Cats was established in 1994 in Guilderland, NY and opened our Saratoga Springs office in 2012.

Our ideal candidate is one who is passionate about feline medicine, strives for excellent inpatient care, is committed to detailed client education, and will work well with a highly reputable team. You must be empathetic, competent, and genuine (with a great sense of humor).

The position is full time. Some evenings and weekend hours are required, but no after-hours emergencies. Competitive compensation and generous benefits include health insurance, CE reimbursement, association fees and a moving stipend. Please visit us online at www.justcatsvet.com. Resumes and serious inquiries should be directed to Theresa Tommell, DVM, at ttommell@justcatsvet.com.
